OJP's Information Related to the American Recovery and Reinvestment Act of 2009

Overview of the American Recovery and Reinvestment Act of 2009 (Recovery Act)

The American Recovery and Reinvestment Act of 2009 (Recovery Act) was signed into law by President Obama on February 17, 2009. It is an unprecedented effort to jumpstart our economy, create or save millions of jobs, and put a down payment on addressing long-neglected challenges so our country can thrive in the 21st century. The Act is an extraordinary response to a crisis unlike any since the Great Depression, and includes measures to modernize our nation’s infrastructure, enhance energy independence, expand educational opportunities, preserve and improve affordable health care, provide tax relief, and protect those in greatest need.

Implementing the American Recovery and Reinvestment Act of 2009 (Recovery Act)

The Recovery Act will inject $787 billion into the economy, providing jobs and much needed resources for states and local communities. Among these resources is more than $4 billion for state and local law enforcement and other criminal and juvenile justice activities. The Office of Justice Programs (OJP) which provides federal leadership in developing the nation’s capacity to prevent and control crime, administering justice, and assisting victims, will administer $2.76 billion of this funding.

Assistance Available through the Recovery Act and Administered by OJP:

- The Edward Byrne Memorial Justice Assistance Grant (JAG) Program - $2 billion

Solicitations:

Recovery Act: Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: State Solicitation
Recovery Act: Edward Byrne Memorial Justice Assistance Grant (JAG) Formula Program: Local Solicitation

The JAG Program, administered by OJP's Bureau of Justice Assistance, allows states and local governments to support a broad range of activities to prevent and control crime and improve the criminal justice system. The procedure for allocating JAG grants is based on a formula of population and violent crime statistics, in combination with a minimum allocation to ensure that each state and territory receives an appropriate share of funding. Sixty percent of the allocation is awarded to the state and 40 percent is set aside for units of local governments.

Funding that is awarded directly to the state governments, will be administered by a State Administering Agency (SAA) which will then set priorities and allocate funds within that state. Additional information about SAAs can be found here: http://www.ojp.usdoj.gov/saa/index.htm.

Units of local government, established by OJP's Bureau of Justice Statistics, will also be eligible to apply for JAG funds. Click here for a list of state and local allocations.

- The Edward Byrne Competitive Grant Program - $225 million

Byrne Competitive Grants are similar to JAG grants and are focused on ensuring job growth and job retention. However, instead of providing grants based on a formula, BJA administers these funds based on a competitive application process. These grants help state and local communities improve the capacity of local justice systems and may be used for national efforts such as training and technical assistance. Applicants may be national, regional, state, or local public and private entities, including for-profit (commercial) and nonprofit organizations, faith-based and community organizations, institutions of higher education, tribal jurisdictions, and units of local government that support the functioning of the criminal justice system. Information will be coming soon about how to apply for Byrne Competitive grants.

- Assistance for Tribal Law Enforcement (construction of jails on tribal lands) - $225 million

- Grants for Victim Compensation and Assistance - $100 million

The Recovery Act provides for $100 million in funding for victim compensation and assistance. Of that $100 million, $47.5 million in formula funding will be directed to state agencies that administer Victims of Crime Act (VOCA) funded crime victim compensation programs, and an additional $47.5 million in formula funding will be directed to state agencies that administer VOCA-funded crime victim assistance programs. OJP’s Office for Victims of Crime will administer this funding and provide detailed guidance to the eligible state agencies on application and reporting requirements in the solicitations that are currently being developed. Click here for a link to the state formula allocations.

Five million of the $100 million will be directed to discretionary grant projects. The $5 million will be used to make awards under the currently open National Field-Generated Training, Technical Assistance and Demonstration Projects (NFG) competitive grant solicitation. Please be advised that numerous changes will be made to the NFG solicitation. The NFG solicitation deadline has been extended to March 17, 2009.

- Grants for Internet Crimes Against Children Initiatives - $50 million

Administered by OJP’s Office of Juvenile Justice and Delinquency Prevention Internet Crimes Against Children (ICAC) Task Force Program helps state and local law enforcement agencies develop an effective response to cyber enticement and child pornography cases. This help encompasses forensic and investigative components, training and technical assistance, victim services, and community education.

The ICAC program is a national network of 59 coordinated task forces, representing more than 2,000 federal, state, and local law enforcement and prosecutorial agencies engaged in proactive investigations, forensic examinations, and effective prosecutions. This funding will be used to help state and local law
enforcement agencies develop effective, sustainable responses to online child victimization and child pornography. Additional information about how to apply will be announced soon.

The OJP funding listed above is in addition to $1 billion to hire new police officers and $225 million to combat violence against women. For more information on additional Department of Justice grant program opportunities please visit the COPS Office and the Office on Violence Against Women. To learn about the Department of Justice’s implementation of the Recovery Act, please visit www.usdoj.gov/recovery.

OJP encourages all interested and eligible applicants to register now to apply for funding. Potential applicants need to obtain a DUNS (Data Universal Numbering System) number and must register with the Central Contractor Registration (CCR) registrant database. A DUNS number is a unique number that identifies an organization and helps track the distribution of grant money. The CCR is a central repository of organizations working with the federal government. Please visit www.grants.gov for more information.

Recovery Act: Edward Byrne Memorial Justice Assistance Grant
(JAG) Formula Program: Local Solicitation
CDFA #16.804

Overview of the Edward Byrne Memorial Justice Assistance Grant Program

This grant program is authorized by the American Recovery and Reinvestment Act of 2009 (Public Law 111-5) (the “Recovery Act”) and by 42 U.S.C. 3751(a).

The stated purposes of the Recovery Act are: to preserve and create jobs and promote economic recovery; to assist those most impacted by the recession; to provide investments needed to increase economic efficiency by spurring technological advances in science and health; to invest in transportation, environmental protection, and other infrastructure that will provide long-term economic benefits; and to stabilize State and local government budgets, in order to minimize and avoid reductions in essential services and counterproductive State and local tax increases.

The Recovery Act places great emphasis on accountability and transparency in the use of taxpayer dollars. Among other things, it creates a new Recovery Accountability and Transparency Board and a new website – Recovery.gov – to provide information to the public, including access to detailed information on grants and contracts made with Recovery Act funds.

The Edward Byrne Memorial Justice Assistance Grant (JAG) Program is the primary provider of federal criminal justice funding to state and local jurisdictions. JAG funds support all components of the criminal justice system, from multijurisdictional drug and gang task forces to crime prevention and domestic violence programs, courts, corrections, treatment, and justice information sharing initiatives. JAG funded projects may address crime through the provision of services directly to individuals and/or communities and by improving the effectiveness and efficiency of criminal justice systems, processes, and procedures.

Deadline: Registration

Registering with OJP’s Grants Management System (GMS)
Applications must be submitted through OJP’s online Grants Management System (GMS). To access the system, go to https://grants.ojp.usdoj.gov. Applicants should begin the process immediately to meet the GMS registration deadline, especially if this is the first time they have used the system. Each application requires a separate GMS registration. The registration process for organizations includes: (1) Obtaining a Data Universal Numbering System (DUNS) number; (2) Registering your organization with the Central Contractor Registration (CCR) database; and (3) Registering with GMS prior to applying.

The deadline to register is 8:00 p.m. Eastern Time on May 18, 2009.

A DUNS number is required. All applicants under this solicitation must include a DUNS (Data Universal Numbering System) number in their application. Applications without a DUNS number are incomplete.

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving Federal funds. The identifier is used for
tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, simple, one-time activity. Obtain one by calling 1-866-705-5711 or by applying online at http://fedgov.dnb.com/webform/displayHomePage.do.

**Central Contractor Registration (CCR) is required.** In addition to the DUNS number requirement, OJP requires that all applicants (other than individuals) for federal financial assistance maintain current registrations in the Central Contractor Registration (CCR) database. The CCR database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via Grants.gov are already registered with CCR, as it is a requirement for Grants.gov registration. Please note, however, that applicants must update or renew their CCR registration at least once per year to maintain an active status. Information about registration procedures can be accessed at www.ccr.gov.

**Deadline: Applications**

The due date for applying for funding under this announcement is 8:00 p.m. Eastern Time on May 18, 2009.

**Eligibility**

Applicants are limited to units of local government appearing on the Recovery Act JAG allocation list. For JAG Program purposes, a unit of local government is: a town, township, village, parish, city, county, or other general purpose political subdivision of a state; any law enforcement district or judicial enforcement district that is established under applicable state law and has authority to, in a manner independent of other state entities, establish a budget and impose taxes; or, it may also be a federally recognized Indian tribe or Alaskan Native organization that performs law enforcement functions as determined by the Secretary of the Interior. In Louisiana, a unit of local government means the office of a district attorney or a parish sheriff.

**Additional Requirements Related to the Recovery Act (including certification requirements):**

**Reporting on the Use of Funds.** In order to be eligible to receive funds under this solicitation, applicants must certify that they will satisfy the reporting requirements of section 1512(c) of the Recovery Act, which requires detailed reporting (including reporting on subawards) not later than ten calendar days after the end of each calendar quarter. Detailed information on section 1512(c) appears below, under “Accountability and Transparency under the Recovery Act.” A template for the certification is included in the appendix. Applicants may expect that a standard form and/or standard reporting mechanism will be made available at a future date.

**Certification regarding Infrastructure Investments.** Pursuant to section 1511 of the Recovery Act, a State or local government (including a federally-recognized Indian tribal government) may not receive funds for an infrastructure investment (for example, construction or major renovation of a correctional facility) unless the Governor, mayor, or other chief executive, as appropriate, certifies that the infrastructure investment has received the full vetting required by law and that the chief executive accepts responsibility that the infrastructure is an appropriate use of taxpayer dollars. The certification must include a description of the infrastructure investment, the estimated total cost, and the amount of Recovery Act funds to be used, and must be posted on
a web site that is linked to Recovery.gov. (Refer to the OJP Recovery Act Additional Requirements web page at www.ojp.usdoj.gov/recovery/solicitationrequirements.htm for the text of section 1511.)

Consistent with section 1511, all applicants under this solicitation must complete a "General Certification as to Requirements for Receipt of Funds for Infrastructure Investments," a template for which is included in the appendix. Recipients that are awarded funds for one or more infrastructure investment projects must also submit and post a certification that satisfies section 1511 as to each such specific project prior to obligating, expending, or drawing down funds for such a project. Applicants or recipients that intend to prepare a section 1511 certification should consult the OJP Recovery Act Additional Requirements web page at www.ojp.usdoj.gov/recovery/solicitationrequirements.htm. If a standard form becomes available, OJP will include a notice in the appropriate section of the web page.

American Indian Tribes and Alaska Native Tribes and/or Tribal Organizations: If a grant application is being submitted on behalf of a tribe or tribal organization, a current authorizing resolution of the governing body of the tribal entity or other enactment of the tribal council or comparable government entity authorizing the inclusion of the tribe or tribal organization named in the application must be included with the application.

JAG Program-Specific Information

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. Applicants also should anticipate that awards under the Recovery Act will be one-time awards and accordingly should propose project activities and deliverables that can be accomplished without additional DOJ funding.

Established to streamline justice funding and grant administration, the JAG Program allows states, tribes, and local governments to support a broad range of activities to prevent and control crime based on their own local needs and conditions. JAG blends the previous Byrne Formula and Local Law Enforcement Block Grant (LLEBG) Programs to provide agencies with the flexibility to prioritize and place justice funds where they are needed most.

Formula

The Bureau of Justice Statistics (BJS) calculates, for each state and territory, a minimum base allocation which, based on the statutory JAG formula, can be enhanced by (1) the state's share of the national population and (2) the state's share of the country's Part 1 violent crime statistics. Once the state funding is calculated, 60 percent of the allocation is awarded to the state and 40 percent to eligible units of local government. States also have a variable percentage of the allocation that is required to "pass through" to units of local government. This amount, also calculated by BJS, is based on each state's crime expenditures. Additionally, the formula calculates direct allocations for local governments within each state, based on their share of the total violent crime reported within the state. Local governments that are entitled to at least $10,000 awards may apply directly to BJA for Local JAG grants.

NOTE: Beginning in 2009, the formula calculation for the local portion of the JAG statute has changed significantly as a result of final implementation of the JAG statute. The statute, 42 U.S.C. 3755(d)(2)(B), specifies that for Fiscal Years 2005 through 2006, allocations to units of local government would follow the Local Law Enforcement Block Grant (LLEBG) formula. Pursuant to the statute, however, calculations for FY 2009 (and subsequent JAG calculations)
require that units of local government must have submitted to the FBI at least three years of Uniform Crime Report (UCR) data during the most-recent ten-year period for which UCR data are available (here, 1998-2007) in order to be eligible. As a result of this statutory requirement, several local governments that were eligible in prior years for JAG formula funding are ineligible this year due to a lack of compliant UCR data reporting.

Award Amount
The JAG allocation list established by the Bureau of Justice Statistics (BJS), and indicates the amount for which each unit of local government is eligible to apply. For a listing of eligible units of local government and eligible amounts, go to www.ojp.usdoj.gov/BJA/recovery/JAG/recoveryallocations.html.

Purpose Areas
JAG funds may be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, information systems for criminal justice, and criminal justice-related research and evaluation activities that will improve or enhance:

- Law enforcement programs.
- Prosecution and court programs.
- Prevention and education programs.
- Corrections and community corrections programs.
- Drug treatment and enforcement programs.
- Planning, evaluation, and technology improvement programs.
- Crime victim and witness programs (other than compensation).

Responsibilities
The Chief Executive Officer (CEO) of an eligible unit of local government or a local agency designated by the CEO must submit the application for JAG funds. A unit of local government receiving a JAG award will be responsible for the administration of the funds including: distributing the funds; monitoring the award; submitting reports including performance measures and program assessment data; and providing ongoing oversight and assistance to any subrecipients of the funds.

Administrative Funds
A unit of local government may use up to 10 percent of the award for costs associated with administering JAG funds.

Disparate Certification
A disparate allocation occurs when a city or municipality is scheduled to receive one and one-half times (150 percent) more than a county with concurrent jurisdiction, while that county bears more than 50 percent of the costs associated with prosecution or incarceration of the municipality’s Part 1 violent crime. Multiple disparate allocations occur when multiple cities or municipalities are collectively eligible to receive four times (400 percent) more than the county.

JAG disparate jurisdictions are certified by the Director of the Bureau of Justice Assistance (BJA), based in part on input from the state’s Attorney General. For a listing of disparate jurisdictions, go to www.ojp.usdoj.gov/BJA/recovery/JAG/recoveryallocations.html.

* Jurisdictions certified as disparate must identify a fiscal agent that will submit a joint application for the total eligible allocation. The joint application must specify the award distribution to each unit of local government and the purposes for which the funds will be
used. When beginning the JAG application process, a Memorandum of Understanding (MOU) that identifies which jurisdiction will serve as the applicant/fiscal agent for joint funds, must be completed, and signed by the Authorized Representative for each participating jurisdiction. The signed MOU should be attached to the application. For a sample MOU, go to www.ojp.usdoj.gov/BJA/recovery/JAG/JAGrecoveryMOU.pdf.

Governing Body Review
The applicant agency (fiscal agent) must make the grant application available for review by its governing body (or to the organization designated by that governing body) not fewer than 30 days before the application is submitted to BJA.

Public Comment
The Local JAG application must include a statement that the application was made public and that, to the extent of applicable law or established procedure, an opportunity to comment was provided to citizens and neighborhood or community organizations.

Length of Awards
Awards are made in the first fiscal year of the appropriation and may be expended during the following 3 years, for a total of 4 grant period years.

Trust Fund
Each unit of local government may draw down any or all JAG funds after acceptance of the award. To do so, a trust fund must be established in which to deposit the funds. The trust fund may or may not be an interest-bearing account. If subrecipients draw down JAG funds in advance, they also must establish a trust fund in which to deposit funds.

Recipients of funds, however, should be aware that the authority to retain such advance funding may be withdrawn should the recipient persistently remain delinquent in applicable reporting required by the Recovery Act. Specific information relating to this will be detailed in grant award documents.

Prohibited Uses
No JAG funds may be expended outside of the JAG purpose areas. Even within the purpose areas, however, JAG funds may not be used directly or indirectly for security enhancements or equipment for nongovernmental entities not engaged in criminal justice or public safety. Nor may JAG funds be used directly or indirectly to provide for any of the following matters unless BJA certifies that extraordinary and exigent circumstances exist, making them essential to the maintenance of public safety and good order:

- Vehicles (excluding police cruisers), vessels (excluding police boats), or aircraft (excluding police helicopters).
- Luxury items.
- Real estate.
- Construction projects (other than penal or correctional institutions).
- Any similar matters.

Non-Supplanting
Federal funds must be used to supplement existing state and local funds for program activities and must not replace those funds that have been appropriated for the same purpose. See the OJP Financial Guide (Part II, Chapter 3). Additional information appears on the "OJP Recovery Act Additional Requirements" web page at www.ojp.usdoj.gov/recovery/solicitationrequirements.htm.
Recovery Act: Buy American
All applicants that propose to use grant funds to construct, alter, maintain, or repair a public building or public work should be aware that the Recovery Act (in section 1605) contains a "Buy American" provision that applies to iron, steel, and manufactured goods, subject to certain exceptions. The provision is to be applied in a manner consistent with United States obligations under international agreements. Government-wide guidance on this provision is not yet available, but is expected. For the text of section 1605, please refer to the "OJP Recovery Act Additional Requirements" web page at www.ojp.usdoj.gov/recovery/solicitationrequirements.htm.

Recovery Act: Wage Rate Requirements
All applicants should be aware that the Recovery Act contains a provision on wage rate requirements that concerns projects funded or assisted by Recovery Act funds that employ laborers and mechanics. See section 1606 of the Recovery Act, the text of which appears on the "OJP Recovery Act Additional Requirements" web page at www.ojp.usdoj.gov/recovery/solicitationrequirements.htm. Government-wide guidance on this provision is not yet available, but is expected.

Recovery Act: Preference for Quick-Start Activities
Pursuant to section 1602 of the Recovery Act, recipient of funds under this solicitation for infrastructure investment are to give preference to activities that can be started and completed expeditiously, and also are expected to use grant funds in a manner that maximizes job creation and economic benefit. For the details of this requirement, please refer to the text of section 1602, which appears on the "OJP's Recovery Act Additional Requirements" web page at www.ojp.usdoj.gov/recovery/solicitationrequirements.htm.

Recovery Act: Contracts
Generally speaking, the Recovery Act places special emphasis on the use of fixed-price contracts awarded through competitive procedures. As information becomes available, OJP will provide guidance to applicants as to what, if any, particular procurement requirements or procedures may apply to contracts awarded with Recovery Act grant funds, apart from those that appear in 28 C.F.R. Part 66 and 28 C.F.R. Part 70.

Recovery Act: Limit on Funds
The Recovery Act specifically provides that funds may not be used by any state or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.

Recovery Act: Use of Funds in Conjunction with Funds from Other Sources.
Recovery Act funds may be used in conjunction with other funding as necessary to complete projects, but tracking and reporting of Recovery Act funds must be separate, to meet the reporting and other requirements of the Recovery Act and other applicable law. There can be no commingling of funds. (See "Accountability and Transparency under the Recovery Act," below.)

Accountability and Transparency under the Recovery Act

Separate Tracking and Reporting of Recovery Act Funds and Outcomes
Consistent with the special purposes and goals of the Recovery Act, and its strong emphasis on accountability and transparency, it is essential that all funds from a Recovery Act grant be tracked, accounted for, and reported on separately from all other funds (including DOJ grant
funds from non-Recovery Act grants awarded for the same or similar purposes or programs). Recipients must also be prepared to track and report on the specific outcomes and benefits attributable to use of Recovery Act funds.

The accounting systems of all recipients and subrecipients must ensure that funds from any award under this Recovery Act solicitation are not commingled with funds from any other source.

Misuse of grant funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under a grant, and civil and/or criminal penalties.

Quarterly Financial and Programmatic Reporting
Consistent with the Recovery Act emphasis on accountability and transparency, reporting requirements under Recovery Act grant programs will differ from and expand upon OJP’s standard reporting requirements for grants. In particular, section 1512(c) of the Recovery Act sets out detailed requirements for quarterly reports that must be submitted within 10 days of the end of each calendar quarter. Receipt of funds will be contingent on meeting the Recovery Act reporting requirements.

Under this Recovery Act program, quarterly financial and programmatic reporting will be required, and will be due within 10 calendar days after the end of each calendar quarter, starting July 10, 2009.

The information from grantee reports will be posted on a public website. To the extent that grant funds are available to pay a grantee’s administrative expenses, those funds may be used to assist the grantee in meeting the accelerated time-frame and extensive reporting requirements of the Recovery Act.

Recovery Act grant recipients may expect that the information posted by OJP will identify grantees that are delinquent in their reporting. In addition, in keeping with standard OJP practice, grant recipients who do not submit required reports by the due date will not be permitted to draw down funds thereafter, during the pendency of the delinquency, and may be subject to other appropriate actions by OJP, including, but not limited to, restrictions on eligibility for future OJP awards, restrictions on draw-down on other OJP awards, and suspension or termination of the Recovery Act award.

Funding recipients may expect that a standard form and/or reporting mechanism may be available. Additional instructions and guidance regarding the required reporting will be provided as they become available. For planning purposes, however, all applicants should be aware that the Recovery Act section 1512(c) provides as follows:
Recipient Reports. Not later than 10 days after the end of each calendar quarter, each recipient that received recovery funds from a Federal agency shall submit a report to that agency that contains—

(1) the total amount of recovery funds received from that agency,
(2) the amount of recovery funds received that were expended or obligated to projects or activities; and
(3) a detailed list of all projects or activities for which recovery funds were expended or obligated, including—
   (A) the name of the project or activity,
   (B) a description of the project or activity,
   (C) an evaluation of the completion status of the project or activity,
   (D) an estimate of the number of jobs created and the number of jobs retained by the project or activity; and
   (E) for infrastructure investments made by State and local governments, the purpose, total cost, and rationale of the agency for funding the infrastructure investment with funds made available under this Act, and name of the person to contact at the agency if there are concerns with the infrastructure investment.

(4) Detailed information on any subcontracts or subgrants awarded by the recipient to include the data elements required to comply with the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), allowing aggregate reporting on awards below $25,000 or to individuals, as prescribed by the Director of the Office of Management and Budget.

Subawards under Recovery Act Grants

Reporting: DUNS and CCR. As indicated above, quarterly reporting requirements for Recovery Act awards include reporting with respect to subawards. In order to facilitate that reporting, award recipients must work with their first-tier subawardees (if any) to ensure that, no later than the due date of the award recipient’s first quarterly report after a subaward is made, the subawardee has a DUNS number and is registered with the Central Contractor Registration (CCR) database. See “Deadline: Registration,” above, for more information on CCR and DUNS numbers.

Monitoring of subawards. All applicants should bear in mind that any recipient of an award under this solicitation will be responsible for monitoring of subawards under the grant in accordance with all applicable statutes, regulations, OMB circulars, and guidelines, including the OJP Financial Guide.
