

# Trigram Education Partners, LLC

---

Dear Student:

As required by our accreditor, Accrediting Commission of Career Schools and Colleges (“ACCSC”), Trigram Education Partners, LLC (“TEP”) is providing formal notification to all students and prospective students that we have received a “Warning” order and a request for additional information from our accreditor. This order is a direct result of concerns communicated to TEP by ACCSC based on our recent change of ownership.

It is the role of the accreditor to provide oversight and to ensure its member institutions meet the established criteria for compliance with the accrediting standards on continual basis. If at any time, the commission believes there is a need for further explanation from the institutions related to compliance, it is standard procedure for the accreditor to seek additional information. The accreditor’s requirement related to the notification to students and prospective students is a usual and customary practice when such events occur.

The Warning Order will have no effect on your enrollment and is not directly related to your campus.

Should you have questions regarding this matter, please contact April Lupinacci, VP of Compliance via email at [alupinacci@pegschools.com](mailto:alupinacci@pegschools.com).

Best Regards,

April Lupinacci  
Vice President of Compliance and Licensure  
Trigram Education Partners, LLC
