Tell Congress to Reject Partisan Changes to the 90/10 Rule

There is no time to waste, so we will cut right to it: **Today starting at 3pm EST**, the House Education and Labor Committee will hold their budget reconciliation markup to comply with the Concurrent Resolution's directives on the fiscal year's Budget 2021, S. Con. Res. 5.

Sec. 2013 changes the 90/10 formula and adds all "federal education assistance funds" to the "90" portion of the 90/10 rule. Presumably, the Department would interpret that to mean GI Bill, DOD Tuition, and potentially other revenue sources. It appears the provision is effective upon enactment, which is cause for concern.

Use your voice now to demand the House reject the partisan change to the 90/10 formula.

Any changes to the 90/10 formula should not be done in a vacuum, but in a bipartisan manner and from a place of compromise. Anything less is harmful to military-connected students. It is unfair to these brave men and women who have sacrificed so much to have politicians decide for them which schools they can attend.

We ask you to reach out to your representatives with the targeted messaging above.

There is no time to waste, so contact his/her office or join in on social media and retweet the @CECUed posts.
